

# Work Parties

FALLS CREEK 24/25 May

MT BULLER 26/27 April

24/25 May

MT HOTHAM 26/27 April

24/25 May

\*\*dates above are booking nights.

If you wish to bring anyone aside from just the member applying for the work party, please clearly note on application. Beds are allocated firstly to members only and

then, if vacancies allow, to additional persons. Generally, children under the age of 15 are not permitted to attend work parties without consent from the Organizer.

Members 65 years and over who wish to attend a work party need to speak with the lodge manager prior to applying for a work party. Unfortunately due to liability issues they will be restricted in what they are allowed to do.

Please note that, for the reason outlined above, the Work Party Levy does not apply to members over 65 years of age. The Levy for those electing not to attend a work party is \$110.

Unfortunately, in recent years a number of members have failed to attend work parties they have booked. This affects both the catering for the weekend and other members who would have liked to attend. A penalty fee of \$220, double the Work Party Levy, has been implemented by the committee for nonattendance without adequate reason.
